Dear Mr. Brown:

I sent a package out to you yesterday and I hope I didn't send it to the wrong place but the address I had was 12221 Merit box 74. It had all of my information in it for you to have. Please let me know if you receive it. I mailed it yesterday, July 19th. from Palm Beach Gardens Florida.

I want to inform you that I spoke to Jeffrey Buteyn the other day on the telephone and he informed me that they have 55million dollars in assets. Those assets he mentioned are as follows: \$ 18,000,000 in principal payments, \$3,000,000 in inventory, \$7,000,000 in real estate, and \$27,000,000 in cash for a total of \$55,000,000. He also mentioned that his daughter had a \$30,000,00 trust fund. In addition to that information (for what is worth) of what do not know if it true, he mentioned he had 546 investors....

I told him I was devastated and how could he do this to innocent people and he said that it will all work out fine and the government probably won't apologize but they haven't done anything wrong and they are a debt free company and tried to assure me that I will probably only lose about 5% of my money because of the receivership costs. He also went on to say that when this all blows over if I still wanted to come invest with his company, he would personally pay for an airline ticket for me to fly out to Texas and show me how legitimate his company is and then decide if I still want to keep my money with them.

I was so distraught and still am about losing the money my husband left me upon his death to take care of me I was crying and sobbing and he said don't cry, now you are making me feel bad. He said how do you think I feel? They took paintings cars a house and even my daughter's bicycle from me. I said something to the affect that he just might end up in jail and he asked if I would come to see him for conjugal visits?!!! I was mortified, I don't even know this man from Adam! I told him he already took my money!!! Now here is a man that is under investigation and has upset and ruined the lives of others making wisecracks like that to a person (me) who is afraid for her well-being, and has to make a major life adjustment because of him. Unbelievable. I found no humor in his statement.

He told me that he is going to hear from the judge next Tuesday and then his attorney will be supplying the judge with their briefs and the judge has 3 days to respond to them. Is this true? and will we know as soon as the judge makes his decision?

I am petrified because of the unknown and \$700,000. is alot of money and I need that back to live and keep my house and my credit rating not to mention my sanity.

Develiated,

Julie Andron
